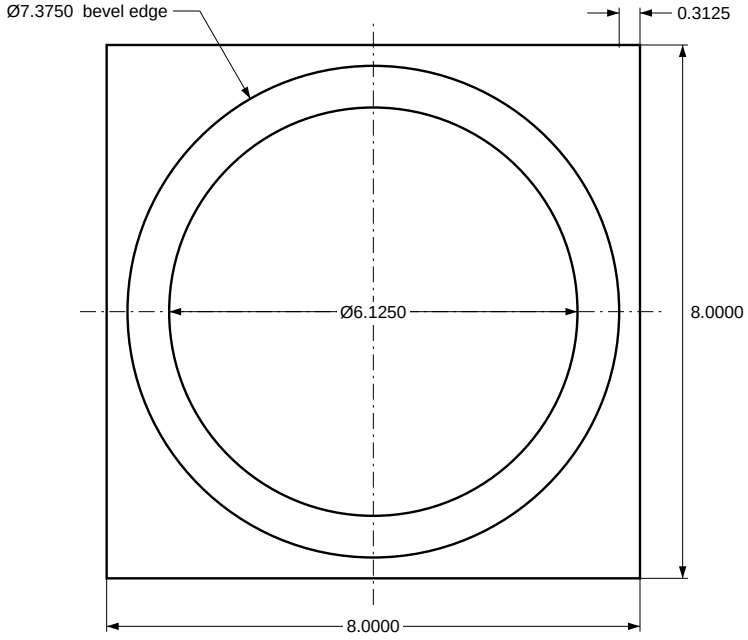
NOTE: Views show the front and back of a single half of the frame assembly. Make 2 identical halves.

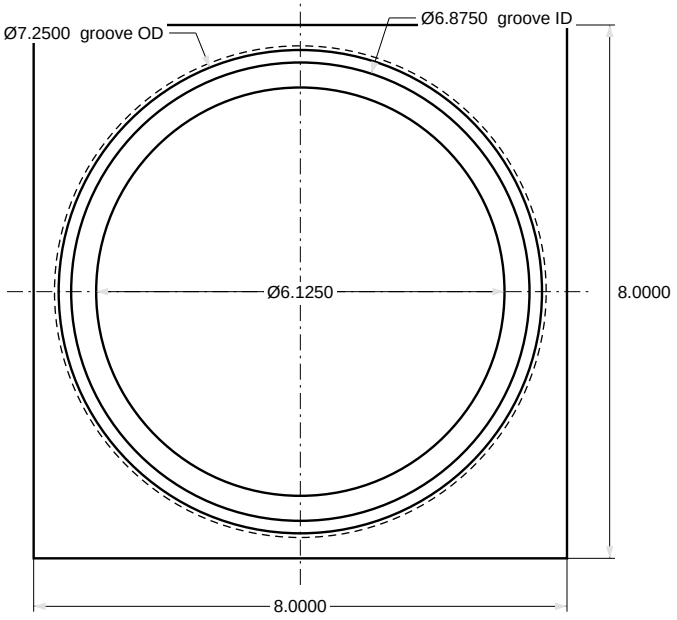
FRONT FACE (bevel side)

Section A–A, bevel face up, groove on underside



BACK FACE (groove side, glue face)

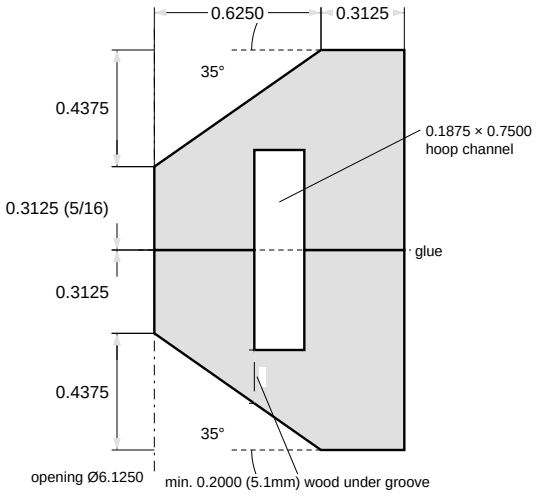
Section B–B, same half flipped over



Dashed Ø7.3750 = bevel edge on front face (hidden)

DETAIL C — 2 halves glued at edge (scale 4:1)

drop : bevel : margin = 5/16 : 5/8 : 5/16 = 1 : 2 : 1



FRAME PARTS — V17

Material: cherry, 0.7500 stock, 2 identical halves

Units: inches (except where noted mm)

Bevel: 35° from face (rise 0.4375 / run 0.6250)

Groove: 0.1875 wide × 0.3750 deep, each half

Proportion drop : bevel : margin = 1 : 2 : 1

Glue halves groove face to groove face: grooves form a 0.1875 × 0.7500 hoop channel

Overall assembly: 8.0000 × 8.0000 × 1.5000

Groove inside edge 0.3750 out from opening
